Wild About Animals!

Throughout the year, Modern Woodmen members across the country will be holding special activities that focus on animals in their community.

Animals have crucial roles in society such as service animals, emotional support animals, police dogs (K-9), and wildlife animals. They provide companionship and joy to lives, assist and even save the lives of humans and provide benefits to the environment.

Let's work together to make animals a top priority in 2024 throughout communities nationwide.

This month, our [chapter/club] is coming together to "go wild" for local pets!

We will host activities that support local pets and offer opportunities for families to spend time with their furry friends.

Do you have ideas for who our [chapter/club] could support or ways we could celebrate the pets in our area? Comment with your ideas or send me an email at [email address].
